

RTE Strategic Map

RTE information in one place

tieto

The need – why it's needed!

- Common understanding
- Finding the information
- Information sharing
- Connections and contacts
- Unified picture

The process

- The demo version of the tool is up and running
- Pilot information is visible
<https://app.powerbi.com/view?r=eyJrIjoiaMzU2MTk2ODktMjU5OC00MzFiLWFiYzMtM2E5ZjdjZDdmOGU1IiwidCI6ImNiZWRIInM4LWEzZDktNDU5Zi04ZjRILT10Y2VkNzNiNGU1ZSIsImMiOjh9>
- Gather ideas and inputs
- Information gathering

The goal of RTE strategic map

- Always up to date RTE info from one place
- Common understanding
- Address different target groups
- Discover relations
- Evaluate potential and measure goals

The RTE strategic map – I stage

- Project description
- Participants of the project
- Contact persons and roles in the project
- Project components
- Domain related to the project (coded information)
- Overall budget of the project

The RTE strategic map – II stage

- Economic impact
 - Economic benefit indicators
 - Economic saving indicators
- Project artifact links
- Project related standards
- ... what else?

Everyone's contribution is needed!
Give YOUR input and ideas!

Next steps:

- Explore the opportunity to get basic project data import from EU Join-up portal and other EU places to RTE Strategic Map. After import send email to project contact to data validation
- Create opportunity for easy data transfer (blanket): for contact info, short summary, keywords, LinkedIn CV account/FB account
- Explore the possible project information sharing in LinkedIn – short description and link to RTE Strategic Map.
